2015 - 2019

Mittal International School, Kota

Higher Secondary, Science

2012 - 2014

About Me

I am a natural problem solver with a knack for finding new approaches to old problems and am always keen to work on fresh and innovative ideas. I have 3+ years of experience in designing digital applications for mobile and web. I have been involved in end-end project management and delivery for various clients such as Boeing, Vanguard, and VMware. I emphasize user-centric design and behavioral psychology to create meaningful products.

Professional Experience

Senior Designer | Brillio

Nov 2020 – Present

- Successfully designed and delivered the Wellbeing allowance application for VMware which is used by more than 50k+ VMware employees internally
- Provided a one-stop supplier database specifically designed to provide detailed and easy access to up-to-date information about various vendors/suppliers in VMware,

User Experience Designer | Deloitte Digital

Jul 2019 – Oct 2020

- Worked on an IOS-based Digital Crew Planning Application for Spirit Aerosystems.
- Designed to provide a better customer experience of retirement for The Vanguard Group
